EXPERIENCE

Game Developer & Programmer

Personal Projects | 2019 – Present

Turn-Based RPG Prototype (Godot 4, GDScript)

2024–present (solo project)

Designed and programmed a turn-based RPG, implementing all core systems including controller-friendly camera controls and combat mechanics. I drew inspiration from *Baldur's Gate 3* while working to create a more intuitive and accessible experience for gamepad users, taking cues from the sleek and efficient UX design of *Persona 5*. The gameplay is based on Paizo's *Pathfinder* tabletop system, albeit heavily simplified to reduce the cognitive load on players, ensuring they can focus on strategy and immersion without being overwhelmed by excessive information.

Exploration-Focused Narrative Game (Unity, C#, Ink)

2022 (solo project)

Designed and developed a narrative-driven exploration game featuring a branching storyline and a custom dialogue system. I built a bespoke Unity editor tool to import levels built with TrenchBroom. I also implemented an inventory and a comprehensive save slot manager.

Portal-Inspired Puzzle Game (Unity, C#)

2019–2022 (solo project)

Created a puzzle game centred on time manipulation mechanics, such as freezing and rewinding objects — predating similar features in major industry titles. I developed three playable levels, a main menu, and a robust checkpoint system.

Manager, Creative Writing Society

University of Staffordshire | Oct 2024-2025

Led a society revitalization (rebranding, marketing), significantly increasing membership and engagement. I cultivated a collaborative, feedback-positive environment for creative projects; organized and managed large-scale events, strengthening team cohesion and community impact.

SKILLS

Unity (6+ years)

Godot 4 (2+ years)

Unreal Engine 5 (Blueprints
and C++)

UI Implementation

C#, C++, GDScript, Java

Designing tools and Systems
(e.g. Unity Editor and dialog
systems)

Version control and
collaboration (Git, GitHub)

EDUCATION

University of Staffordshire,
2025–present

Games Design &
Programming (BSc Hons.)
TBD

University of Staffordshire,
2022–2025

English Literature and
Creative Writing (BA Hons.)
Second class, first division,
with honours (2:1)
